The education team has been completed the learning centre Management Committee orientation at every particular LC campus. All members of 79 LCMC attended spontaneously in this orientation. As well as it was the first orientation in this period. The orientation was held on 20 to 26 February. Various kind of objective was behind this orientation. such as To active LCMC members, To aware new members about his/her duties, Ensure 100% attendance and enrolled new students in our LC, Details brief about project and collect opinion, To create awareness and increase capacity of LCMC members, To influence LCMC member for active participation and remove lack of interest.

They expressed their opinions joyfully. *Mr. Subahan, President of Mindanao learning Centre, Camp-19, Block-B7, said that we will come to our Learning Centre for observing teacher's performance. 100% attendance our children's will be ensured.'*

In addition, Kraburi's LCMC president Zahid Husson said, 'Kraburi LC is our wealth. It's our duties to preserve this LC and ensure our Children to send learning centre. I will visit my learning centre regularly and discuss with parents for sending Children to LC.'

Teachers training COAST Trust education team organizes training for Host & FDMN teachers.

On 11 February 2020, the training was completed at The Martin Learning centre in camp-14. The titled of the training was 'Basic Training for FDMN Teachers on Burmese language supported by UNICEF for the Burmese Language'. Kazi Faruk Ahmed, CIC Sir, attended our training as Guest. He thanked to COAST education team for such as wonderful decoration.

He said that, 'COAST Trust decorated his LC beautifully. It's very important for healthy learning environment another NGO should follow this.

For teachers' purposes He added that, 'All students are relative to you. You have to teach them more proudly. If he Rohingya children are educated, Rohingya community can represent their speech to the world.'

Two days training was ended on 12 February. Two Senior Burmese language instructors and Technical Officer took classes. 27 FDMN teachers attended on this training.

On 24 February started Host teachers training in Cox's bazar Coast Office. The five-day training was inaugurated by Zahangir Alam. 27 Teachers and 2 PO attended this training. Jabelul Islam, Technical Officer, was the facilitator of this training. As well as Camp-2 and 14 in charge Sir attended our training as a trainer. They gave some important and useful advice to all. The training was ended by a cultural program. All members of the education team attended this cultural evening.

LC renovation work Safety first! We can tension free by sending our children

Safe LC, after renovation work, Photo by: Alam Badsha

They send their requisition through PO. First time education team collected requisition from Teacher and LCMC committee.

After getting risk assessment COAST started renovation work against natural disaster, monsoon immediately. And finally we have done Veranda repair, tie down repair, slope protection, clean drain, roof protection etc. in many LC. Engineer of education team looked after this repair activity. It is pleased that our students are very happy to come our Learning Centre due its beautifulness. As well as Students are feeling safe in their Learning Centre. They are now enjoying during the school time.

They described with joy! About Newton Learning Centre that it is very nice to look our Newton Learning Centre. It has huge changed like bracing; tie down, colour, veranda, roof etc.

Nurul Amin, Parents of a student, said that, 'Our LC is good than before. We can tension free by sending our children in learning centre because it is safe place'.

One more activity another step to cleanness

In Napoleon LC host community teacher name Md Faruk. Faruk teaches in this from opening of this learning center. He knows every learner very well. He tried to teach every learner neat and clean when they come in LC.

Even though all learner are coming with clean cloth and wearing sandal Faruk take an initiative. He contacted to World vision Child protection and GBV team to do some activity in our Napoleon LC.

In last 5th February, 2020 World Vision Protection and GBV team have come in our Learning Centre. They have organized a session with our all learner.

World Vision team takes a session about hygiene. In this session they discussed about personal cleanness and personal hygiene. How they can clean themselves, hand washing system, importance of hand washing, wearing sandal when using toilet. They also discussed about social norms and values. They discussed how students will walk in the road, how they talk with elder person, how they talk with teacher in the learning centre, helping each other's etc. World Vision team give printed T-Shirt to 70 students. All students were so much happy to get same dress. After the getting dress from World vision all learners wearing this dress every day when they came in learning centre. After that the team arranged a cultural function and sports event. All students happily participated with them. Also they are participated in singing and playing some games.
