

1st Edition - July, 2021, Sustainable Enterprise Project (SEP) titled as *Promotion of Dryfish Processing Industry through Innovation and Technological Intervention* directed by COAST Foundation in Cox's Bazar district, Bangladesh.

COAST Foundation is implementing a multi-dimensional project entitled *Promotion of Dry Fish Processing Industry through Innovation and Technological Intervention* in Cox's Bazar district under SEP Project. The duration of this project is from 7th June, 2021 to 7th May, 2023. During the project, the beneficiaries of dry fish will be benefitted through their implementation by knowing the facts and formulas of safe dryfish production. This project will strengthen self-resilience of the dry fish worker and ensure protective environment of organic dryfish marketeer.

Started SEP Dryfish project with a new dimension

SEP Dryfish Project

SEP enrolled its new beginning with dryfish project which directed by Coast Foundation and supervised by PKSf. This project entitled as *Promotion of Dry Fish Processing Industry through Innovation and Technological Intervention* in Cox's Bazar district. The duration of this project is from 7th June, 2021 to 7th May, 2023. During the project, the beneficiaries of dry fish will be benefitted through their implementation by knowing the facts and formulas of safe dryfish production. This project will strengthen self-resilience of the dry fish worker and also ensure protective environment for organic dryfish marketeer. The motto of this project is to produce safe dryfish, increase its market value, and to support dryfish beneficiaries.

Orientation Meeting of Dryfish Project under COAST's guidance

SEP enrolled its new beginning with dryfish project which directed by Coast Foundation and supervised by PKSf. Under this project, a bunch of new face recruited to follow up the line with whom can create new dimension to the progression of safe dry fish production and expansion. In this circumstance, on June 28 and 29, an orientation meeting was held in Cox's Bazar at Coast's main office under the supervision of this project's focal person, Mr. Barequl Islam Chowdhury. He described and discussed the facts and formulas of this project to the newly joined Officers. Along with him, Mr. Shahinur Islam, Head- HR of Coast Foundation, shared some structures and ideas as documentation, reporting, and monitoring of a project. Above all, both of the mentor put up the curtain of the selected project on that day.

COAST SEP Project started Field Visit at Naziratek

Due to the recent heavy rains, floods and waterlogging in this season, Coast SEP project have done two field visit at Naziratek, Kutubdia para. In this inconvenient atmosphere, the beneficiaries of dryfish fully affected and handicapped to the nature. Total picture of dryfish field is submerged in despair and gloominess. As there has no scheduled work, people used their time in preparing fish net and mending their boats.
