## You are the child's enemy not friend

On February 19, 2023, the parents meeting of Kishori Club of Ward No. 4 of Dhaligaur Nagar Union was held for the implementation of Coast Foundation. In the meeting, Mr. Mosharef Hossain, a former member and social worker of the said area, told the present parents that you should be friends and not enemies of your children.

Because the age of 10-17 is a critical time that came into your life as well. At this time, some changes are coming in teenagers, so they have a lot of emotions at this time, and they do a lot of things on their own impulses. They cannot judge what is good and what is bad. They like everything at this time. They consider their classmates and friends more than their parents and give more importance to their words. So during this time, friends should not be angry with boys and girls. Keep track of the children every day, talk to them about where they went today, where they ate, what class was in school. His kiki has written well all day today, don't you like it? Why is it good or bad? So that they think that I am any of me Can talk to my parents about the problem. If your child has done something

bad, explain it nicely without getting angry. Explain what kind of damage can come in his life for his wrong decision. Because of your little anger, your children may take any wrong decision or do bad deeds, the damage of which you cannot compensate. Do one more thing, do not marry your sons before the age of 21 and daughters before the age of 18. Teach them to read and raise them. So that the rush can think about their lives. If you educate a girl in education, you will see that she will not lack marriage. Many educated families will follow you.

## Good qualities can take him far

On February 7, leadership development training was organized for the presidents and members of 18 youth centers of Pakchia Union of Borhan Uddin Upazila. Mr. Sohel Hossain, Head Teacher of Gyanada Girls Secondary School of Pakchia Union of Borhan Uddin Upazila was present as the chief guest in the training. He said to be a leader he must have many qualities due to which others are satisfied with him Will come close. And if the leader himself possesses bad qualities, no one will trust him and will not accept his leadership. You have come here from different worlds. Each of you is a leader. You will be honest yourself, treat all new members of the club equally, do the work in the club based on everyone's opinion, do not impose a decision based on a single opinion. You need to know a lot without studying yourself so that when other members of the club ask for something, you can answer it well. You will not be associated with any bad deeds in the area, you will be associated with such good deeds and good people that everyone can trust you. If you go ahead and help any member of the club in danger, take him with others. Only then will

everyone trust you and you will be a good leader. And if you hang out with the bad boys of the area. Evertizing, borrowing money from people and not paying back, chatting in the market all day, no matter

how much money or wealth you have, no one will accept your leadership and no new members will come to your club. No one will respect you even if they fear you.

Will come close. And if the leader himself possesses bad qualities, no one will trust him and will not accept his leadership. You have come here from different worlds. Each of you is a leader. You will be honest yourself, treat all new members of the club equally, do the work in the club based on everyone's opinion, do not impose a decision based on a single opinion. You have to know a lot without studying yourself. We hope that all the clubs introduced by the Coast Foundation at Uni with the help of Palli Karma-Sahayak Foundation will be involved in good work in the area. Elakar will protest against all these evil deeds such as eve teasing, child marriage, drug addicts. People who will worship their parents and walk on the streets will greet their parents. Do not travel recklessly on the roads, go to school regularly and study. So that others see your behavior and imitate it.

## The club has changed our lives

Sanchita Ghosh, Mentor of Ward No. 7 of Hasan nogor Union, said that we have formed this club not to support any kind of wrongdoing or bad deeds, but to keep an eye on us and our classmates to avoid any bad deeds, such as eve-teasing, blasphemy associated with various drugs. . If some people

get involved in such bad deeds, explain them and bring them to the right path. We will try to help the needy people by saving some money from our expenses. We will keep ourselves clean and at the same time keep our homes, educational institutions and environment clean. We ourselves will be on the right path by seeing more teenagers join this club.
